### About Swedish Covenant Medical Group

*Our philosophy is simple: We provide the best care when we provide it together.*

With 180 employed physicians and advanced practice providers in over 20 specialties, Swedish Covenant Medical Group (SCMG) is a multi-specialty group practicing in association with Swedish Covenant Hospital. In addition to holding various roles on the hospital's main campus and satellite offices, the group operates the Chicago Brain & Spine Institute, Swedish Skin Institute and Immediate Care Centers and has medical education responsibilities. As leaders in their respective fields, our providers use a team approach to develop treatment plans that are tailored to patients' unique needs.

**Swedish Covenant Hospital** has served Chicago's north and northwest communities for more than 130 years. As one of the few independent academic hospitals in Chicago, Swedish Covenant Hospital is proud to offer a unique work environment with the advanced resources providers need to deliver the highest quality care to their patients.
